

Meet the Teacher

About Me

Hello! My name is Eileen Welsh, and I have been part of The Schoolhouse family since 1985. I graduated from Temple University with a degree in early childhood/elementary education. Both of my adult children attended The Schoolhouse and now I'm so happy that my granddaughter will be continuing the tradition.

I've been teaching in the Meadow Room since 1992 and consider the three to four year old age group to be one of the most exciting stages of development. During this year children gain confidence and independence while their curiosity, creativity and unique personalities truly begin to shine.

After being away from the Schoolhouse for the past year, I am beyond thrilled to be back in the classroom doing what I love. I look forward to getting to know each child and family and sharing a wonderful year of learning, growth and discovery together. Here's to a fantastic year ahead!

Meet the Teacher

About Me

Hello! I'm Katie!

Being a teacher, especially with the littlest ones, is some of the most meaningful work I've ever done. There's a lot of patience, a lot of energy, and a lot of heart that goes into every single day. It took me a really long time to feel comfortable calling myself a "teacher." My degree is in graphic design and illustration, but I found my way into early childhood education more than 25 years ago and never looked back.

I've spent years showing up for these kids. Guiding them, comforting them, teaching them how to be in the world, one small moment at a time. And somewhere along the way, I realized... this is teaching.

It may not look traditional, and my path here wasn't typical, but the work is real and the impact is real..... So yes... I am a teacher❤️. I could never have a desk job anyway..... I have too much fun running around and exploring all day with some very amazing tiny people. Each day I find ways to use my talents as both a teacher and an artist.

❤️ I am so happy to be back home at Schoolhouse!

Meet the Director

About Me

Hi! My name is Jen Wein and I have been a part of The Schoolhouse community since 2007. I was a teacher in the pre-k program until 2019, then took the director position until we closed suddenly in 2025. I knew this was my career path from my very first practicum I did in college! After my three children reached school age, I returned to college to complete my Bachelor's degree in Early Childhood and Elementary education. The Schoolhouse community has been home to me from the very beginning of my career. There is nothing more rewarding than being a part of children's learning and growing!

In my spare time, I love to spend quiet time on the farm with my horses. While the farm is a lot of work, I do find time to relax and enjoy a good book!

I feel beyond blessed to be back at The Schoolhouse with such an amazing group of people! Laura and her husband have worked so hard to make this all possible and I couldn't be more grateful!
Welcome to our family!!

About Me

Hi! My name is Miss Amy. I have been working with young children for most of my career and absolutely love teaching and caring for infants. There is so much change and development during this time in a child's life. It is so exciting to watch and be a part of that growth. I have two boys of my own, who are now bigger than me! We love our time together doing everything from outdoor adventures, to movie nights at home. Both went through the Schoolhouse from start to finish.
